

Introduction

My name is Hayley Jones and I am currently a senior at Pittsford-Mendon High School. This will be my second time chairing but my fourth year in Model UN. Outside of MUN, I volunteer with YMCA Leaders, do some graphic design work for the Gandhi Institute for Nonviolence, and take lessons for the guitar, which I have been playing for 5+ years.

Committee Description

Press Corps provides you with a special opportunity to act as a journalist reporting on the events and activities of other committees participating in the conference. Committee choices will be distributed at the start of each edition of our online publication, and each journalist will write one article on the chosen committee.

In order to write a well-constructed article on said committee activities, each journalist is required to take notes at each committee session they attend. Once the journalists have all written an article and these articles have been edited by the chair, all the articles will be published into a news publication contributed to by Press Corps as a whole, which will be available for view on the conference website.

By the end of the conference, each journalist will have written and published four or five articles on the happenings of committee along with one miscellaneous article of their choice.

Please feel free to email me with any questions that come to mind about Press Corps, and I look forward to reading your articles!
